Orange Blossom

knows all there is to
know about helping
things grow.

She's a caring, loving friend of the earth
and is there for anyone who needs
a helping hand.

Strawberry Shortcake
thinks Orange Blossom
is a berry good friend!

Ginger Snap

is the best cookie chef in the world! She also likes to invent things, but her greatest joy of all is sharing a warm cookie with one of her friends – especially Strawberry Shortcake.

Apple Dumplin' is an adorable little toddler who is just starting to speak. She's Strawberry Shortcake's little sister, and it's a good thing she has Strawberry to keep her from getting into too much mischief!

Blueberry Muffin bakes the most delicious muffins in Strawberryland. She loves reading, and her overactive imagination often runs away with her. She thinks up the best make-believe games though, and she and Strawberry Shortcake have a lot of fun!

Pupcake and Custard are Strawberry Shortcake's sweet and lovable companions. Pupcake is a panting, tail-wagging whirlwind of innocent energy who often gets himself into trouble. Custard is a funny and sarcastic little cat who loves her owner. Add them all together and what do you get? A berry fun time!
